12th December 2022

Dear Parents/Guardians,

We wish to outline for you our arrangements for the Mock examinations for Junior and Leaving Certificate students. We want to replicate the State examination experience as accurately as we can, so we are opting for the State exam regime once again. This involves the use of high-quality exam papers and the external correction of scripts by experienced correctors.

Dates for these examinations are from Monday January 23rd to Friday February 3rd for Junior and Leaving Cert students. These dates are provisionally set and may be subject to change. A timetable will be published after Christmas.

The cost of Mock exams for all exam students is:

€110 for Junior Cycle students

€130 for Leaving Cert Students

which can now be paid through the school website on our payment portal PAYNOW.

Can we kindly ask that full payment is received before the examinations commence. Please be aware that the cost of Mock examinations is not covered for medical card holders.

Students should be present at all times during the Mock Exams and normal school rules apply. Any student who does not present for scheduled examinations will be deemed to have absented themselves from school. A detailed school report of results will follow. We trust we will have your full co-operation in all aspects of the examination process.

Yours sincerely,

Orla Jackson
Acting Principal

Helen Gibbons
Examinations Co-ordinator
